Alternatively, you can [click here](#) to go to the charities' homepage to find out more about Membership, resources and other services we provide.

JVN helps charities and community organisations to continue their vital work by helping to fill their volunteering vacancies. Many charities in our community could not survive without volunteers.

We work with a cross-section of Jewish and non-Jewish charities to provide the greatest range of opportunities possible for volunteers to choose from. These include national and local charities, interfaith charities and charities with opportunities abroad.
